RETAIL PROFIT

This is the profit you earn you merchandise the “ATM” to other people “ATM” offers a retail profit of up to 20% on majority of the products. This is on account of the different at which you buy the products, called the Distributor Price, and the price at which you sell, which is the recommended maximum retail price. The following example helps explain the retail profit.

Distributor Price + Retail Margin = MRP

RS 1000/- + Rs 200/- = Rs 1200/-

In a month, if you buy and sell “ATM” worth Rs 10,000/-. You can earn a retail profit of up to Rs 2,000/- for yourself.

DIFFERENTIAL BONUS :-

A distributor has to qualify for getting the differential Bonus and is entitled to earn the bonuses according to the level qualified. "ATM" offers very rewarding differential Bonus which are amongst the best of direct selling, to earn this differential Bonus, the qualifying level of Business Volume (BV) has to be accumulated.
